Whistler and the editor, Harry Quilter, Oscar Wilde et al. How can a blessing change the world? According to Pierre Pradervand, making the conscious choice to bless every person or being around you can truly make a world of difference in yourself and in others around you. In The Gentle Art of Blessing, Pradervand shows that the practice of blessing has the power to create more than just a renewed perspective. It unleashes tangible benefits throughout your entire life -- through your daily

interactions, your life-long relationships, and in the way you approach your place in the world. Pradervand describes blessing as genuinely wishing the best for another person through seeing their individual worth and honoring them for it. By looking at several different perspectives -- providing spiritual inspiration from Hinduism, Taoism, the Koran, the Bible, and other important spiritual sources -- *The Gentle Art of Blessing* explores the potential in shifting one's attitude from confrontation and negativity to acceptance and enthusiasm. A powerfully simple way of perceiving and shaping our surroundings, blessings can reflect the unconditional love and acceptance that is necessary for world -- and inner -- peace. Jane Brocket delights in domesticity. Lively, curious, and creative, she takes inspiration from her surroundings, from art, literature, and nature, and expresses her passion through the gentle arts of needlework, cooking, gardening, and homemaking--and now through her writing. In "*The Gentle Art of Domesticity*" Brocket celebrates everything that is, and can be, wonderful about home life. This gorgeous and unusual book, full of whimsy, warmth, and a wealth of stunning photographs, helps us to see domesticity with new eyes. Whether she's knitting a tea cozy or baking jam tarts, crocheting a blanket or sewing an apron, Brocket fills her home with beauty, color, and fun. She transforms day-to-day domesticity into a realm of possibilities, both practical and imaginative--and encourages us to do the same in our own lives. Rather than categorize readers as quilters or embroiderers, bakers or gardeners, Brocket embraces the idea that they may be all of these, and more. The key to practicing any of the domestic arts, she says, is to recognize the value of homemaking, overlooked skills, and ordinary things. This book's glorious synthesis of style, DIY projects, and philosophical musings inspires us not only to emulate Brocket's handmade creations but also to share her enjoyment of the simple pleasures of home. Excerpt from *The Gentle Art of Faking: A History of the Methods of Producing Imitations and Spurious Works of Art From the Earliest Times Up to the Present Day* In analysing the Faker one must dissociate him from the common forger; his semi-artistic vocation places him quite apart from the ordinary counterfeiter; he must be studied amid his proper surroundings, and with the correct local colouring, so to speak, and his critic may perchance find some slight modicum of excuse for him. Beside him stand the Imitator, from whom the faker often originates, the tempter who turns the clever imitator into a faker, and the middleman who lures on the unwary collector with plausible tales. of Persuasion teaches you how to argue effectively! Much of life is spent in arguing, domestically, at work, professionally, or it just happens that way. Most arguments are futile wastes of time. Neither the participants nor the audience learn anything. Between men in crowded pubs arguments can even lead to physical fights, usually for no purpose. Yet intelligent argument is often the only sensible way to advance our many causes, to spread knowledge and to achieve progress. It is one thing to sound impressive, to devastate the opposition, to make a great impression. It is by no means the same thing to change people's minds, to convince them by your arguments. Persuasion is achieved more often than not by quiet, rather than devastating argument. Learn from someone who knows how to get his point across in the most effective, and charming, way.
